

**CERTIFICATION FOR NONCOMMERCIAL ENVIRONMENTAL LABORATORIES**  
**(1VAC30-45)**  
**(effective April 1, 2022)**

**TABLE OF CONTENTS**

**Part I – General Provisions**

1VAC30-45-10	Purpose	1
1VAC30-45-20	Establishment of certification program	1
1VAC30-45-30	Applicability	1
1VAC30-45-40	Definitions	2
1VAC30-45-50	Scope of certification	13
1VAC30-45-60	General: certification requirements	13
1VAC30-45-70	Process to apply and obtain certification	14
1VAC30-45-80	Maintaining certification	18
1VAC30-45-90	Notifications and changes to certification elements and status	19
1VAC30-45-95	Suspension of certification	21
1VAC30-45-100	Decertification	23
1VAC30-45-110	Procedures to deny certification or decertify a laboratory; appeal procedures	24
1VAC30-45-120	Exemptions	25
1VAC30-45-130	Fees	26
1VAC30-45-140	Petitioning for a variance	30

**Part II – Standards**

**Article 1: Personnel**

1VAC30-45-200	Laboratory manager	33
1VAC30-45-210	Quality assurance officer	34
1VAC30-45-220	Laboratory personnel requirements and management responsibilities	34
1VAC30-45-230	Absence of laboratory manager	35

**Article 2: On-site assessment**

1VAC30-45-300	Frequency of on-site assessment	36
1VAC30-45-310	Announced and unannounced on-site assessments	37
1VAC30-45-320	Request for records	37

**CERTIFICATION FOR NONCOMMERCIAL ENVIRONMENTAL LABORATORIES**  
**(1VAC30-45)**  
**(effective April 1, 2022)**

**TABLE OF CONTENTS**

1VAC30-45-330	Areas to be assessed	38
1VAC30-45-340	National security considerations	38
1VAC30-45-350	Arrival, admittance, and opening conference	39
1VAC30-45-360	On-site laboratory records review and collection	40
1VAC30-45-370	Observations of and interviews with laboratory personnel	40
1VAC30-45-380	Closing conference	41
1VAC30-45-390	Follow-up and reporting procedures	41
1VAC30-45-400	Documentation of on-site assessment	42

**Article 3: Proficiency testing**

1VAC30-45-500	Laboratory enrollment in proficiency testing program	45
1VAC30-45-510	Requirements for laboratory testing of PT study samples	46
1VAC30-45-520	PT criteria for laboratory certification	46

**Article 4: Quality system**

1VAC30-45-600	Quality system	49
1VAC30-45-610	Quality manual	50
1VAC30-45-620	Organization	52
1VAC30-45-630	Records	52
1VAC30-45-640	Recordkeeping system and design	52
1VAC30-45-650	Records management and storage	53
1VAC30-45-660	Required records	54
1VAC30-45-670	Audits	55
1VAC30-45-680	Subcontracting analytical samples	57
1VAC30-45-690	Outside support services and supplies	57
1VAC30-45-700	Complaints	58
1VAC30-45-710	Environment and work areas	58
1VAC30-45-720	Equipment and reference materials	59
1VAC30-45-730	Test methods and standard operating procedures	60
1VAC30-45-740	Measurement traceability and calibration	65
1VAC30-45-750	Quality assurance	69

**CERTIFICATION FOR NONCOMMERCIAL ENVIRONMENTAL LABORATORIES**  
**(1VAC30-45)**  
**(effective April 1, 2022)**

**TABLE OF CONTENTS**

1VAC30-45-760	Quality control requirements	71
1VAC30-45-770	Chemical testing: positive and negative controls	73
1VAC30-45-771	Chemical testing: limit of detection and limit of quantitation	78
1VAC30-45-772	Chemical testing: data reduction	79
1VAC30-45-773	Chemical testing: quality of standards and reagents	79
1VAC30-45-774	Chemical testing: selectivity	80
1VAC30-45-775	Chemical testing: constant and consistent test conditions	80
1VAC30-45-790	Microbiology testing: general	82
1VAC30-45-791	Microbiology testing: sterility checks and blanks, positive and negative controls	82
1VAC30-45-792	Microbiology testing: test variability and reproducibility	84
1VAC30-45-793	Microbiology testing: method evaluation	84
1VAC30-45-794	Microbiology testing: test performance	85
1VAC30-45-795	Microbiology testing: data reduction	85
1VAC30-45-796	Microbiology testing: quality of standards, reagents, and media	85
1VAC30-45-797	Microbiology testing: selectivity	86
1VAC30-45-798	Microbiology testing: constant and consistent test conditions	86
1VAC30-45-810	Air testing: general	90
1VAC30-45-811	Air testing: negative and positive controls	90
1VAC30-45-812	Air testing: analytical variability/reproducibility	91
1VAC30-45-813	Air testing: method evaluation	91
1VAC30-45-814	Air testing: limit of detection	92
1VAC30-45-815	Air testing: data reduction	92
1VAC30-45-816	Air testing: quality of standards and reagents	92
1VAC30-45-817	Air testing: selectivity	92
1VAC30-45-818	Air testing: constant and consistent test conditions	93
1VAC30-45-850	Sample handling, sample acceptance policy, and sample receipt	95
1VAC30-45-860	Laboratory report format and contents	97
